CELL BOWL 2023

DESCRIPTION

Medical Lab Lady Gill and ASCP have teamed up to prepare Clinical Laboratory students for the Board of Certification Exam in an engaging way! Institutional teams of MLT & MLS students will compete in a national tournament to achieve the highest CellQuiz score using the FREE CellaVision CellAtlas app (found in your device's app store). Programs will battle it out weekly to have a chance to compete in the Super Cell Bowl!

Who Is Eligible

The Cell Bowl will include a team from each participating institution in the United States. Each institution will have one team no matter the type of program(s) represented. There is no team size limit. All participating students must have FREE ASCP Student Membership.

Any student with a perfect score whose time is shorter than Medical Lab Lady Gill's perfect score can enter to win MLLG lab swag in the Perfect Score event (see below).

Cell Bowl

The Cell Bowl is a lively, interactive competition between medical laboratory science programs nationwide that culminates in the National Super Cell Bowl Championship. The program tests the scientific knowledge of MLS and MLT students with team competitions that enhance their knowledge of blood cell morphology and build their professional networks (all while preparing them for the ASCP Board of Certification exams).

2022 Cell Bowl

Seven weeks of lively competition begin on October 3, 2022, at 8 a.m. EST (7 a.m. CST).

06 : 19 : 59 : 28
days hours minutes seconds

Participating students must be ASCP student members. Need to join? Membership is free for laboratory students.

Team Play

Each week, the Program Director or faculty member will submit their team's highest score, a screenshot of the score, any pictures of the event they want in the weekly coverage video, and the cell lines their team had trouble with that week (users can select the red sections on their score display's pie chart to get this information). Teams will compete within their region for the first four weeks. Each region's top three programs will then move on to the national event (week 5: Varsity Play-offs or Second Chance Junior Varsity Leagues) where they will compete against other programs in their league. Week 6 is the Semi-finals where the top three scoring teams of week 5 compete to see who will go on to the Super Cell Bowl (Varsity) or Second Chance Showdown (Junior Varsity)! The two top-scoring teams in both leagues from week 6 will battle it out in week 7 to be the winner of the Super Cell Bowl or Second Chance Showdown!

Individual Play (Perfect Score Event)

Any student with a perfect score whose time is shorter than Medical Lab Lady Gill's perfect score of 58895.00 seconds can enter to win Medical Lab Lady Gill lab swag. Use the Perfect Score Submission Form https://docs.google.com/forms/d/e/1FAIpQLSfYb1V6JnVSw3L3z8pkecoFGgm0IHn7PIMSpTNBi54QOPaSwv/viewform?usp=sf_link (you need to copy & paste the link into your browser). Winners will be randomly selected during weeks 2 through 7 and posted on the Cell Bowl webpage and Medical Lab Lady Gill X & YouTube accounts. Winners must submit their full name and address in the Google form to claim their winnings. Submit your score once and be entered to win the ENTIRE seven weeks!

Winners

Updates & winners will be announced via Medical Lab Lady Gill videos and on the Cell Bowl web page.
