Dear Colleagues,

Medical Laboratory Professionals Week (Lab Week) is coming soon on April 24–30, 2022, and ASCP is proud to celebrate the thousands of laboratory and pathology professionals who dedicate their lives to improving patient outcomes. We thank all of them for their crucial role in helping to diagnose disease and manage the treatment of patients across America and around the world!

This year, ASCP is celebrating Lab Week with the theme, “Back to the Future!” There are many ways to have fun with this theme, while sharing with your healthcare colleagues a compelling message about the vital work that you do every day. ASCP is offering a catalog which includes many ideas for bringing Lab Week to life in your particular care setting: from purchasing apparel to entering your lab to win an ASCP-sponsored Lab Week prize, we hope that Lab Week will be a wonderful opportunity to shine a spotlight on our profession.

Lab Week also gives us the chance to come together as a team of medical laboratory and pathology professionals to recognize the importance of our unique fellowship, as well as emphasizing our role in providing effective, cutting-edge patient care. Please use this booklet/catalog to inspire you to get creative with the ASCP Lab Week Photo and Video Contest. See page 4 for details on how to upload your content and vote for your favorites.

ASCP is the only medical society that represents the entire medical laboratory and pathology team. We are excited for this celebration that recognizes the unique contributions of laboratory and pathology professionals. We hope you have a great time collaborating with your colleagues on this fun and important celebration.

Warmest regards,

Henry (Harv) Rinder, MD, FASCP
ASCP President
