

THE FUTURE OF THE LABORATORY IS
STRONGER
TASCP **GETHER**

An ASCP local chapter is a unique way to connect with pathologists and laboratory professionals in your area. Attend networking events with your local chapter, collaborate with local colleagues, and volunteer in your community. Each chapter is operated by local members who hold officer positions within the chapter, with national support from ASCP.

* **Central New York:** New York state (not including NYC metro area/Long Island) and Connecticut, Massachusetts, and Rhode Island

Greater Georgia/Alabama: entire states of Georgia and Alabama

Heart of America: Junction City/Manhattan, Kansas metro area, Southern Illinois, entire state of Missouri

New Hampshire/Vermont: entire states of New Hampshire and Vermont

Northern California: California north of San Luis Obispo County to the Oregon state border

Western Pennsylvania: State College/University Park to the western border of Pennsylvania/Pittsburgh metro

Wheatlands: Western Kansas and Eastern Colorado, between Junction City, KS and Denver, CO

Don't see a chapter in your area? You can start one!
Email membership@ascp.org to learn how.
